

RST7000 Recumbent Stepper

Scientific Solutions

- Smooth, linear movement with start and stop motion.
- Arm to leg movement ratio is 1:1 for maximized range of motion.
- Fixed, recumbent seat moves fore and aft with 500 lb user weight capacity.
- Removable seat for wheelchair access.
- True adjustable step-through design, allowing all users full access and ease of entry.
- User can select any stride length within the 12" available.
- Low starting resistance at only 6 watts.
- 1-20 levels adjustable in .1 increments providing 200 levels of resistance.
- Large, dual position handgrips for the most comfortable and natural position.
- Sturdy, oversized orthopedic footbeds with safety edge. Option footstraps available.
- Optional range limiters available for users with limited range of motion. Right and left pedals can be adjusted independently.
- Heart Rate compatible with most wireless technology.

Intelli-Fit Features and Programs

- 7" LCD display with user friendly interface using tactile keypad, color coded with audible beep.
- Programs: One button Quick Start, Manual, Constant Work, Iso-Strength, Heart Rate, Stress Test, 7 Hill Profiles, unlimited number of Random Profiles, Fit Quik®, Heart-Fit and Power-Fit.
- Administrative mode: includes 6 user defined languages, metric or US units of measure and other custom settings.
- Built-in twin Fans: 3 levels of intensity at low, medium and high.
- Automatic cool down after each exercise is completed.
- Download results to USB flash drive. Simply plug your USB key in the Fit-Key slot and your work-out will be copied in a text file for saving and printing.
- Display Feedback: Heart rate, time, step, steps per minutes (SPM), calories, ascent (ft), METs and level.
- CSAFE port and 8-volt DC power port for TV or other controllers.
- USB charger for phones, mp3 players and other electronic devices
